October 27, 2003

Presenter:

Mr. Marty Bartlett – Karta Technologies, Inc.

Outline

- Background
- Vision
- DMSMS COE Accomplishments
- DMSMS COE Website
- Year 2 Tasks
- Summary / Questions

Background

- Jun 02: DMSMS COE initial contract awarded
- Sept 02: Stood-up DMSMS COE in San Antonio, TX
  - Karta Technologies, Inc.
- Sept 03: Year 2 effort awarded for DMSMS COE
- Envisioned to be a 6-7 year effort
- Program Managers:
  - Mr. Alex Melnikow, DLA - HQ
  - Mr. David Robinson, DLA - DSCC

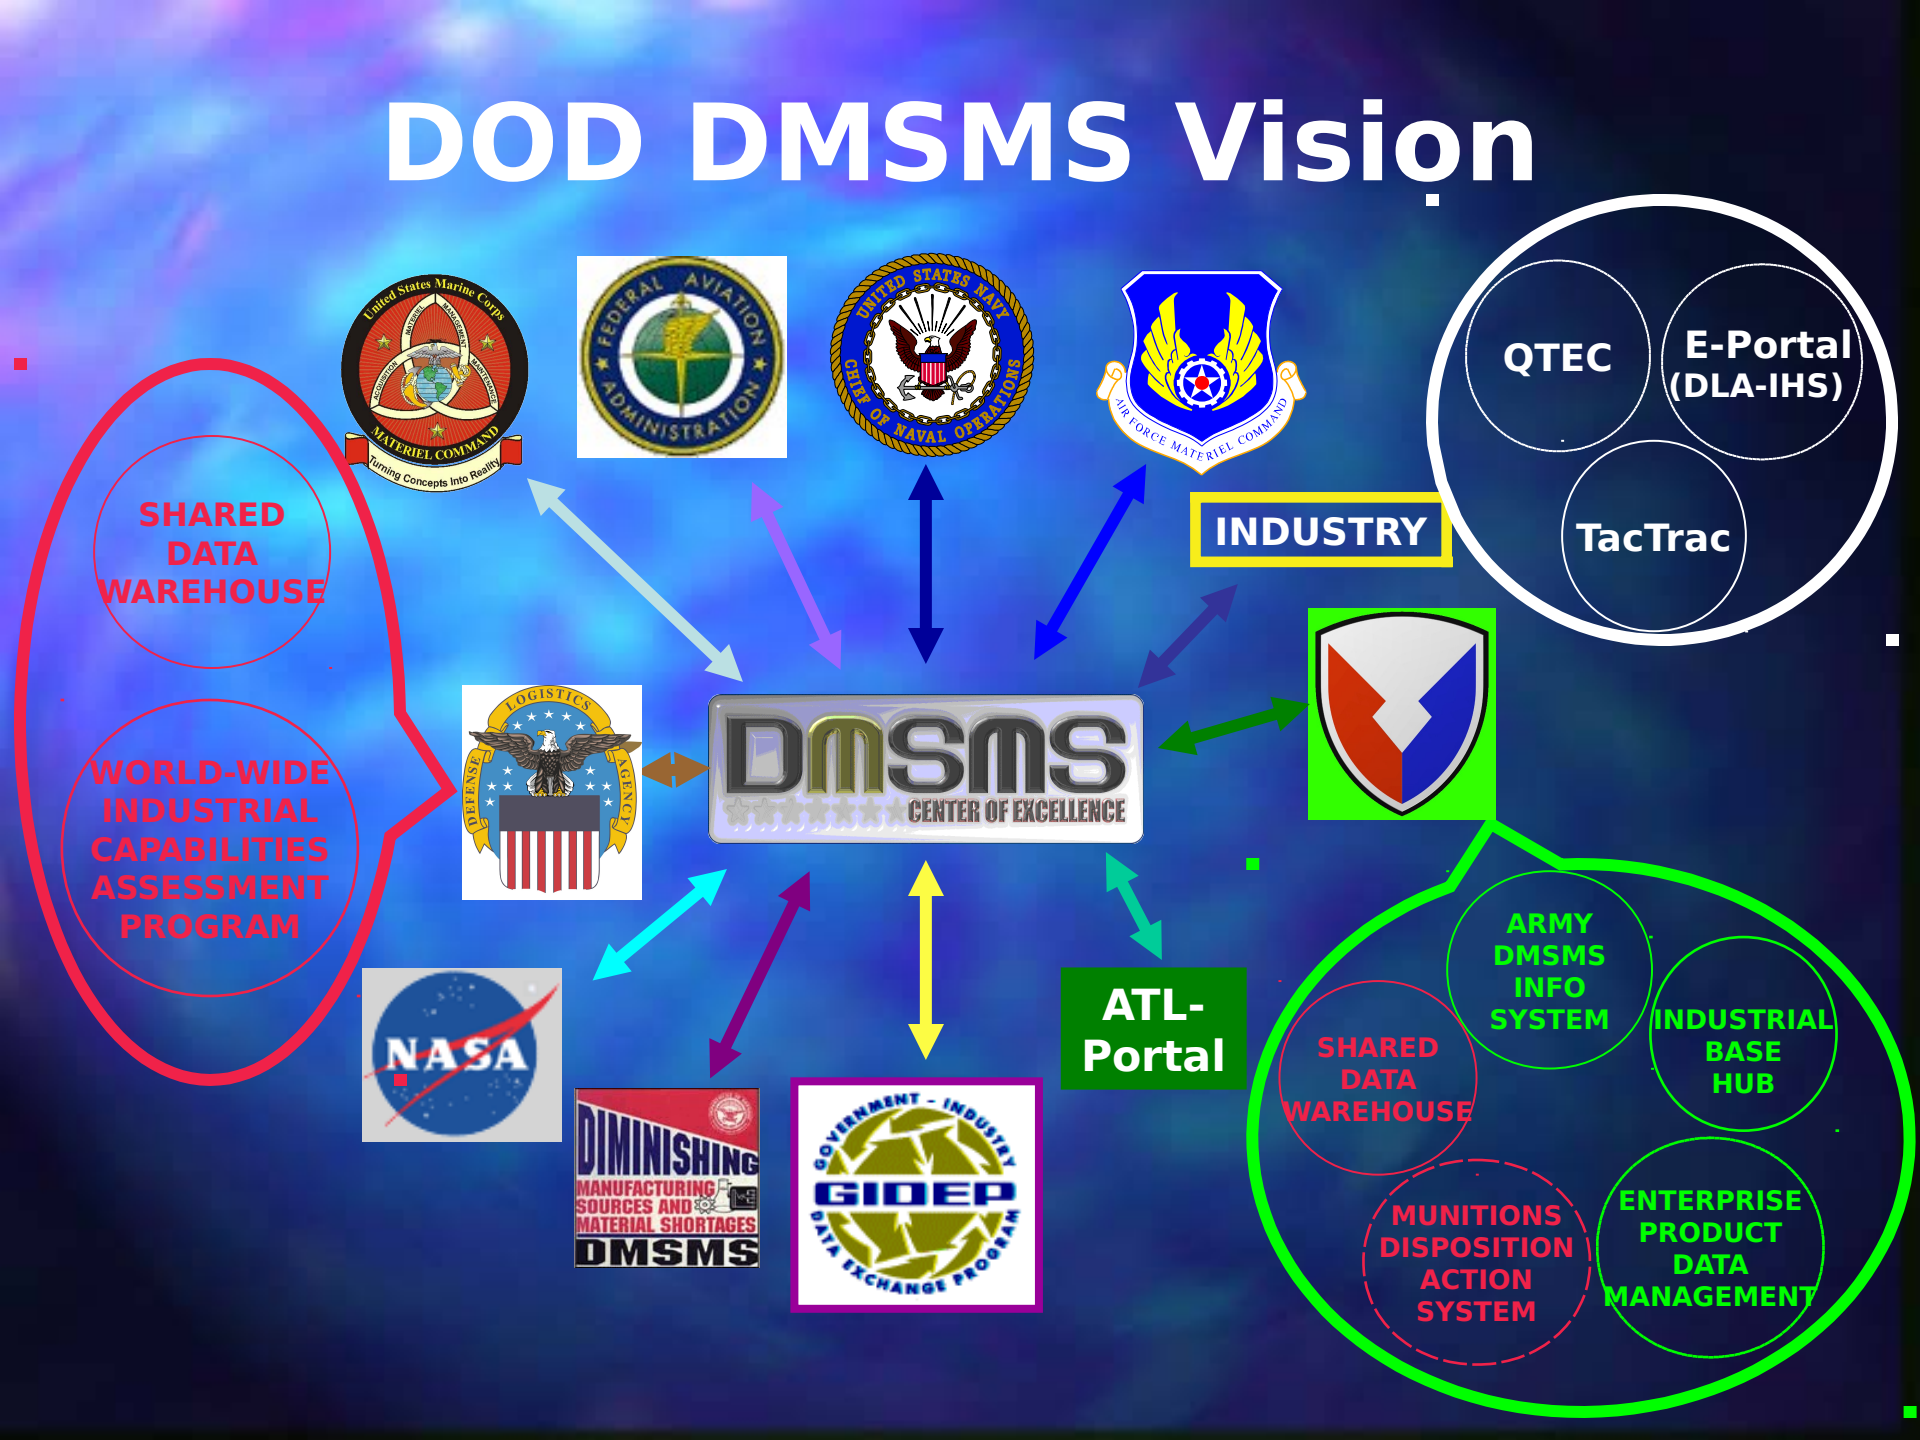
GIDEP Transformation

- The COE is part of the GIDEP Transformation
  - Provide the tools for GIDEP to be the Center Of Excellence for DMSMS
  - Move away from the concept of documents towards knowledge management
  - Enable GIDEP to be more user friendly

DMSMS COE Vision

- Become a “One-Stop” shop for people with DMSMS situations
- Link existing databases, problem solutions, suppliers, DMSMS resources, and manufacturers via a common portal
- Become a focal point for DMSMS information
  - Integrate the COE and GIDEP DMSMS sites
  - House COE system at GIDEP
- Lead users to potential solutions or other desired information

DOD DMSMS Vision



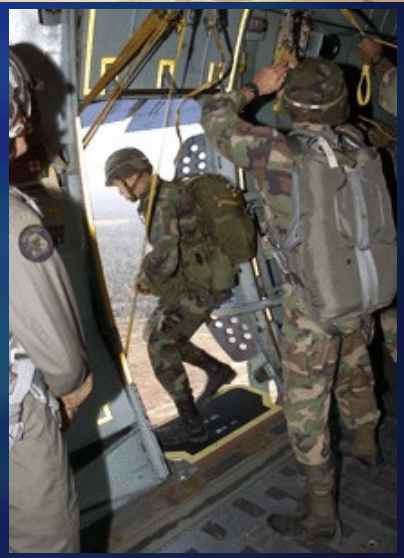
Year 1 - Program Accomplishments

- **Task 1: Create the COE Website Shell**
  - Designed the Website structure – www.DMSMS.org
  - Created preliminary solution navigation
- **Task 2: Coordinate with Other Organizations Supporting DMSMS**
  - Met with 20 major DMSMS stakeholders
  - Refined approach based upon visits

DMSMS COE Website

Year 2 - Program Tasks

- **The Following Tasks are Underway**
  - **Develop additional COE website modules**
  - **Develop training courses**
  - **Provide secretariat for Working Group**
  - **Integrate COE and GIDEP DMSMS websites**
  - **Launch first database in Part Search Tools for COE**



Program Summary

- The DMSMS COE has had numerous accomplishments during the initial year
- There is MUCH still to be accomplished over the next few years, but a workable approach is in place
- The COE is interested in your inputs to optimally develop the DMSMS COE into a viable tool to support our warfighters and their weapons systems
